

## Happy Herts Annual Dinner 2023 - Quiz

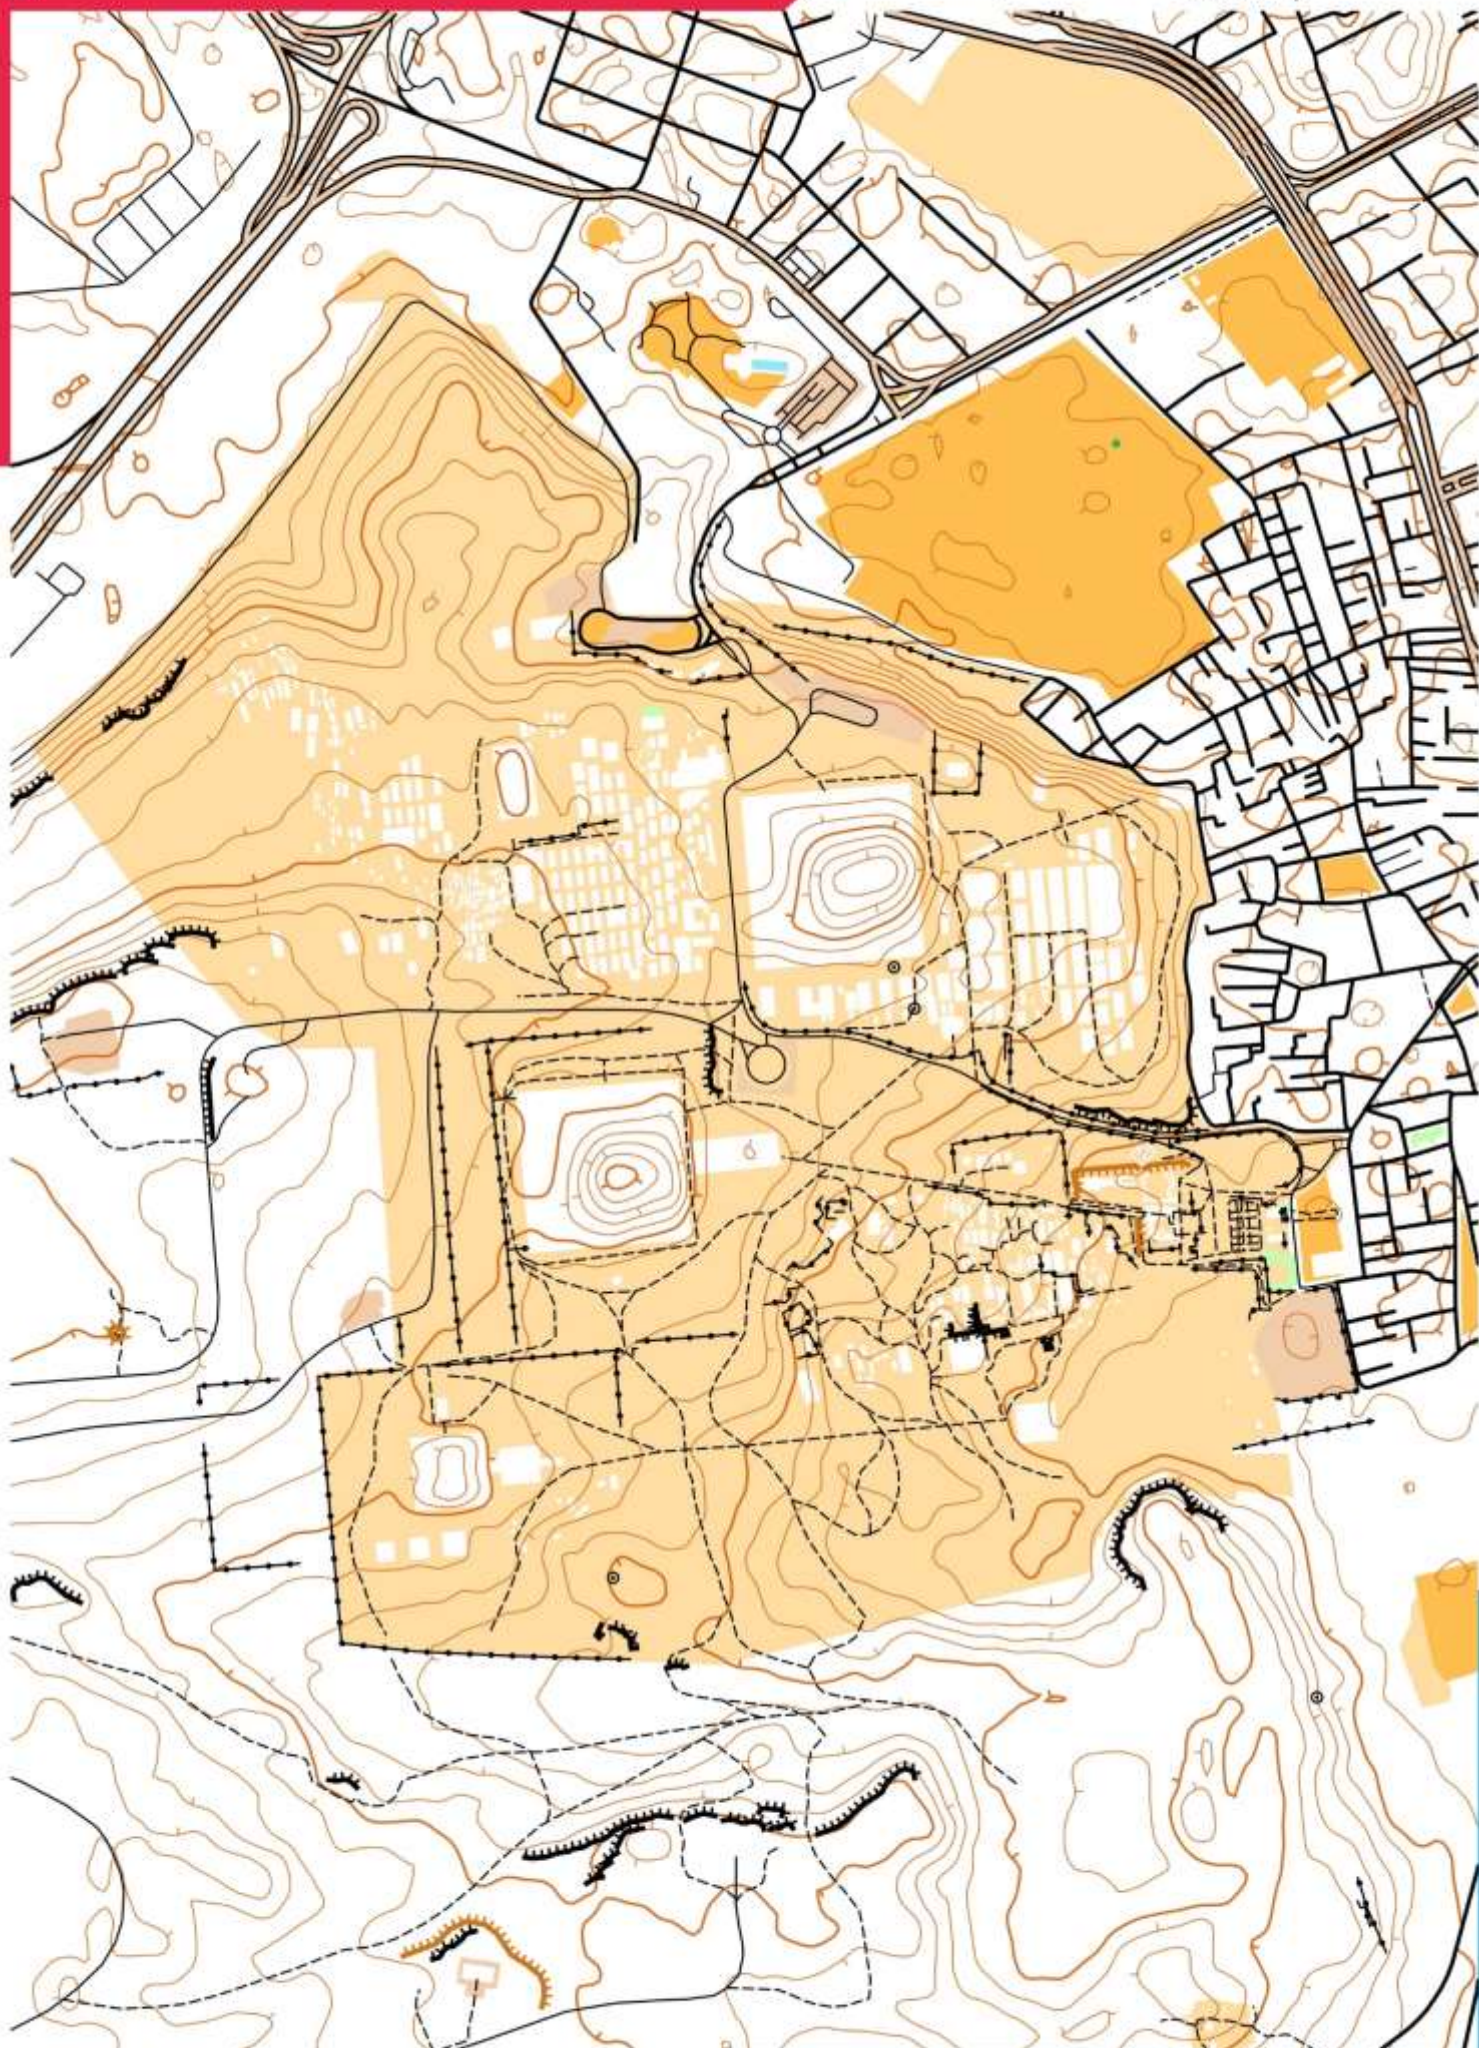

Our Street-O coordinators have been planning a more exotic Street-O series for 2023.

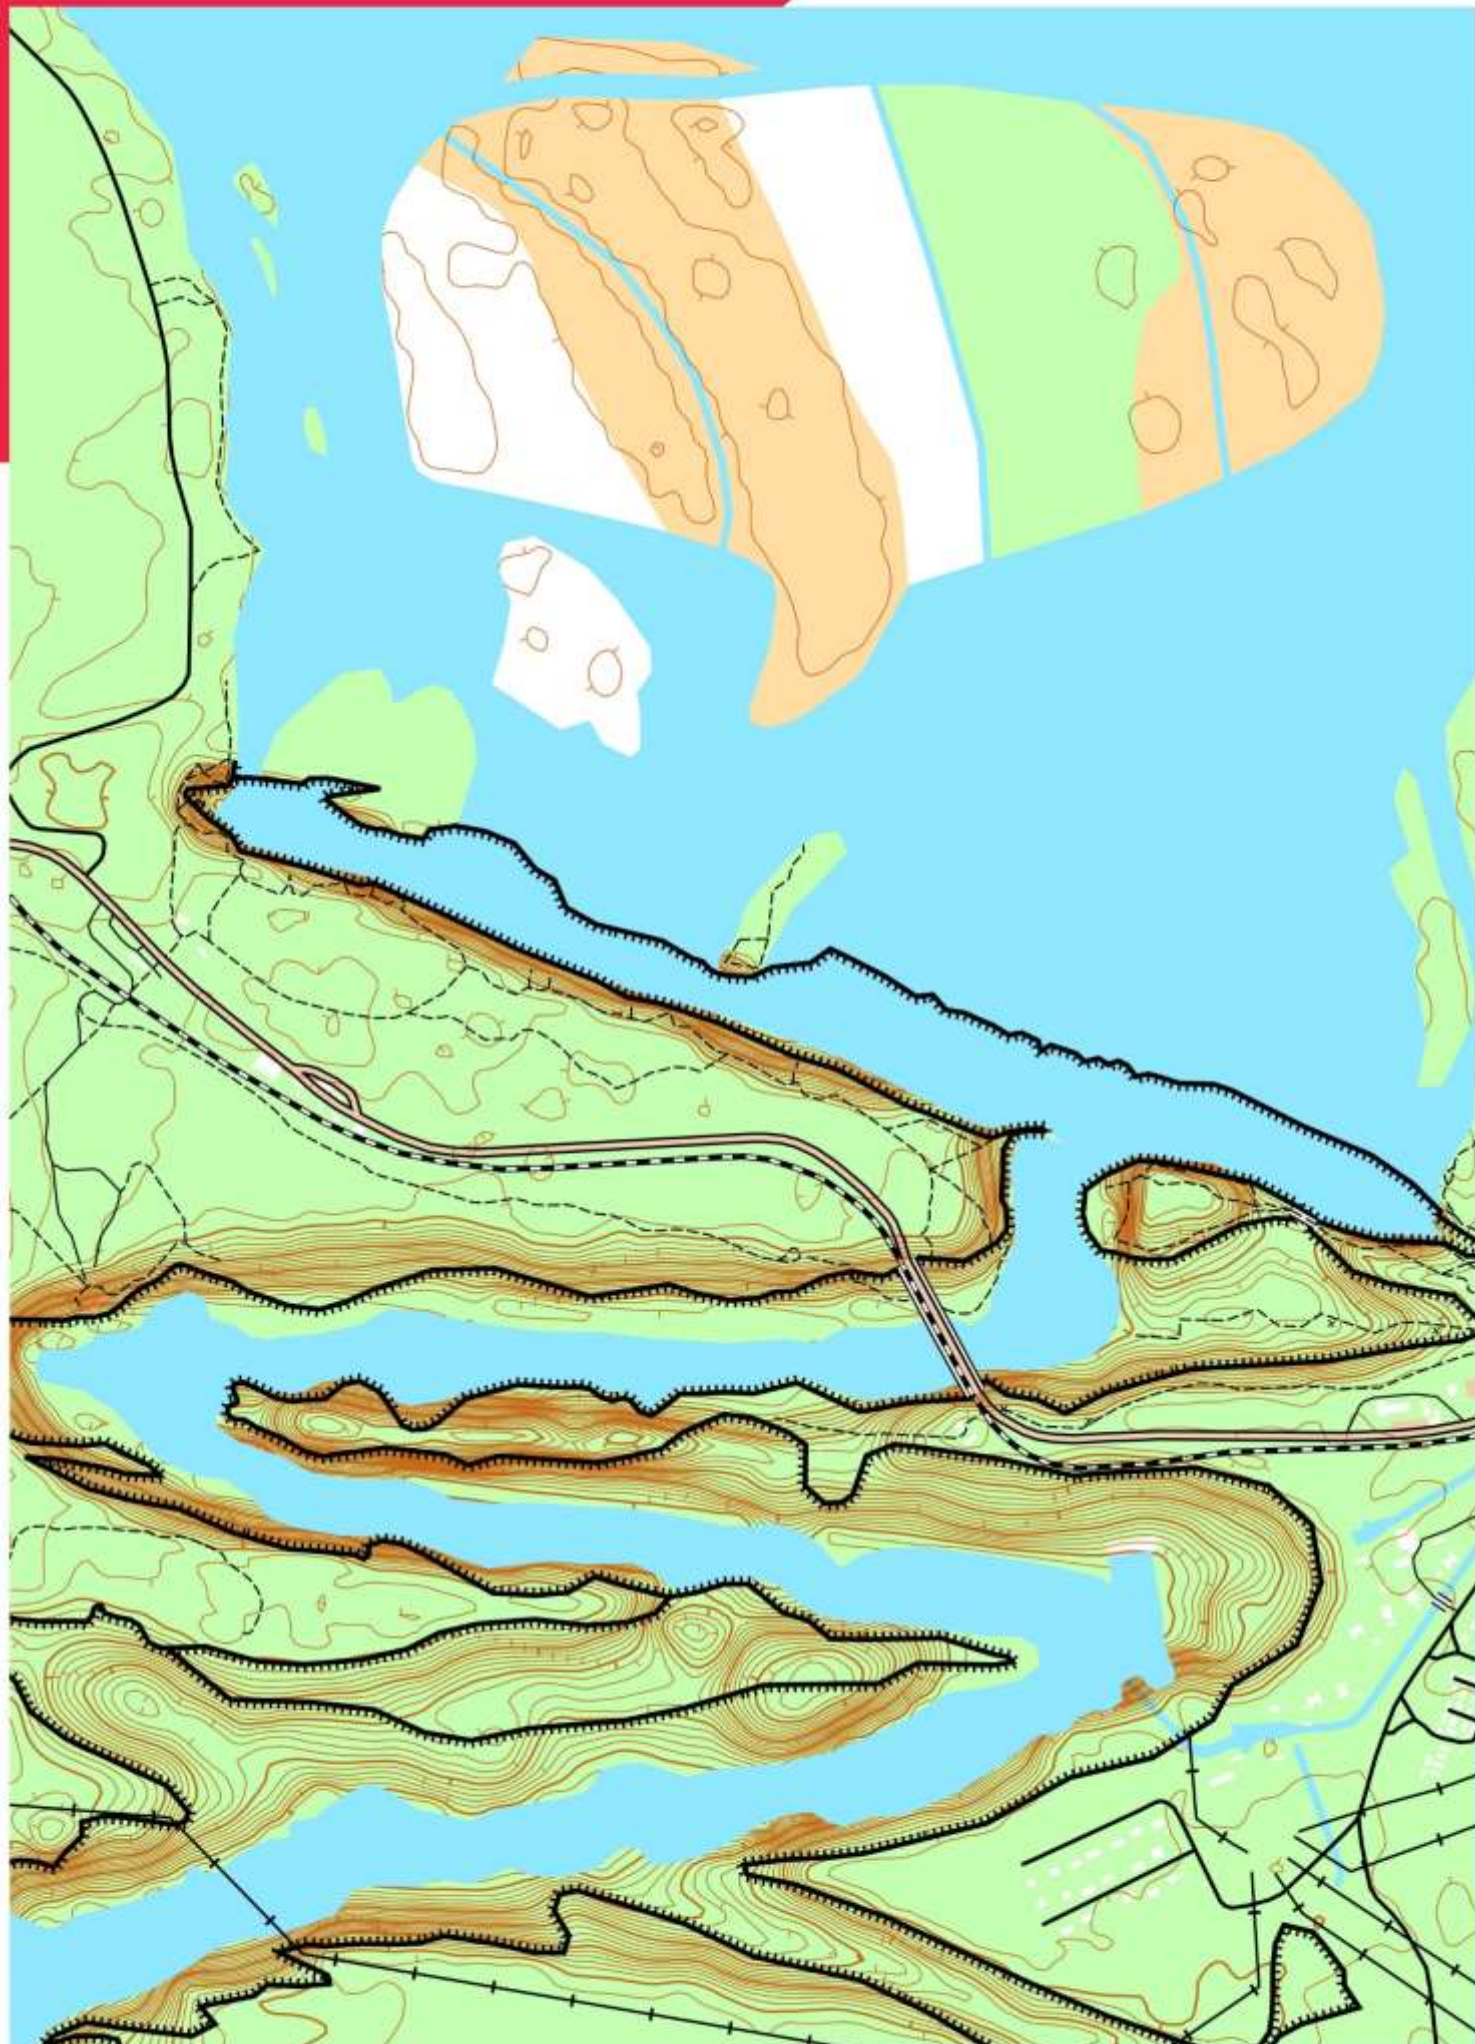

### Can you work out where each venue is based on the Street-O map?

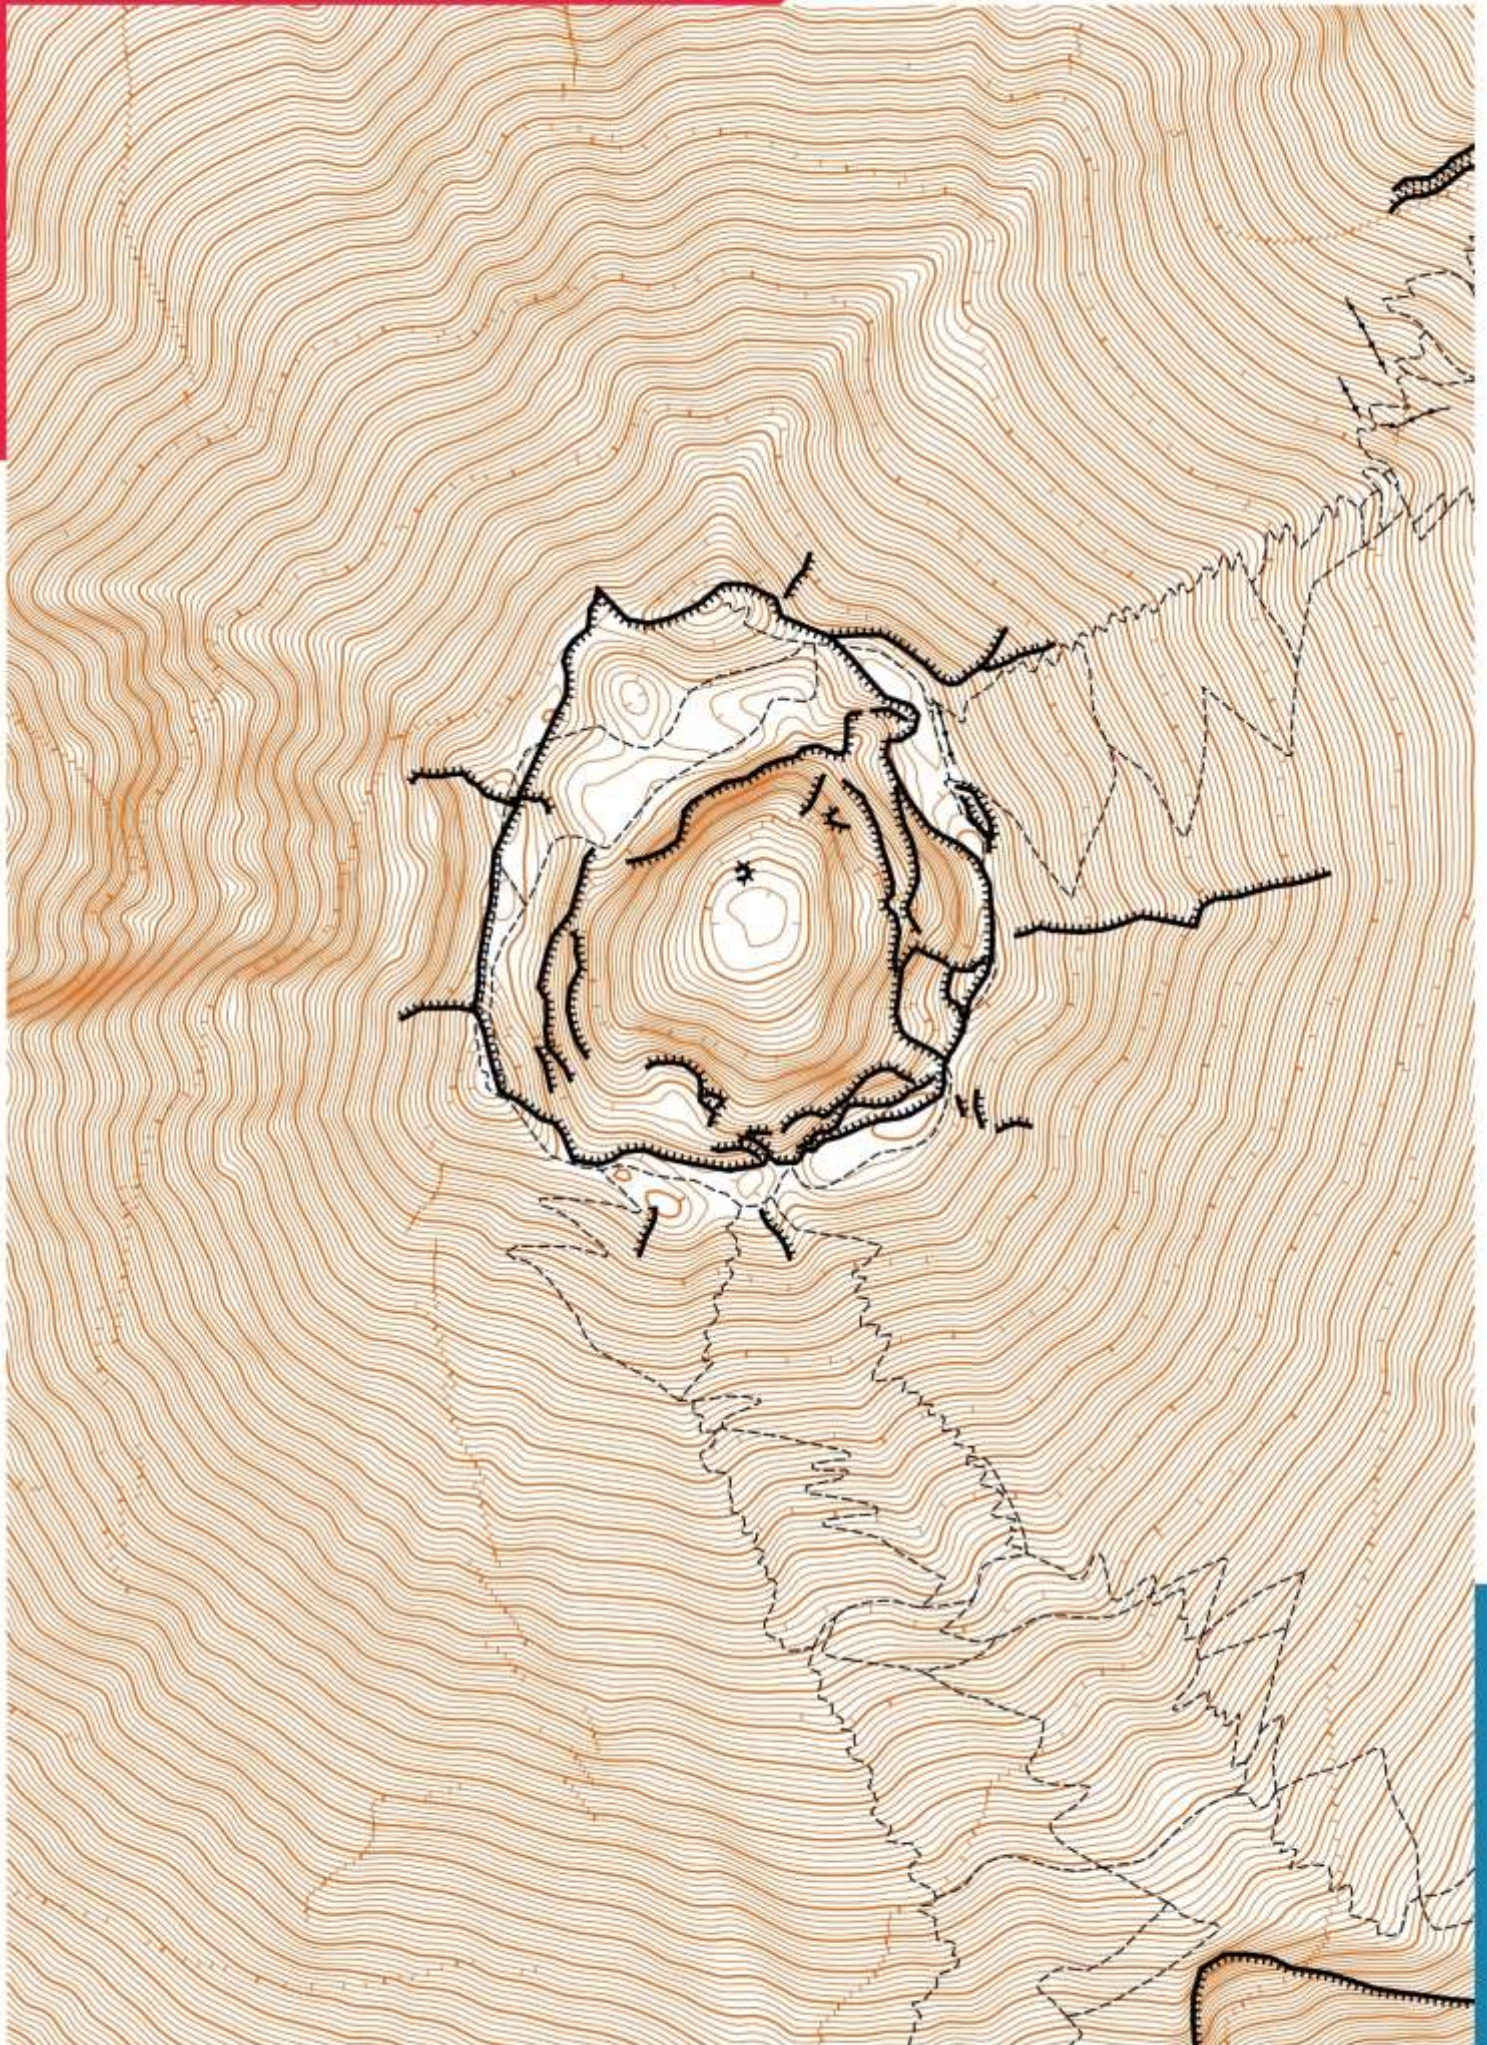

All are at a scale of 1:10,000 (at A4) and orientated to magnetic North. Contours are at 5m intervals and derived from low-resolution satellite data, so include buildings and other solid objects.

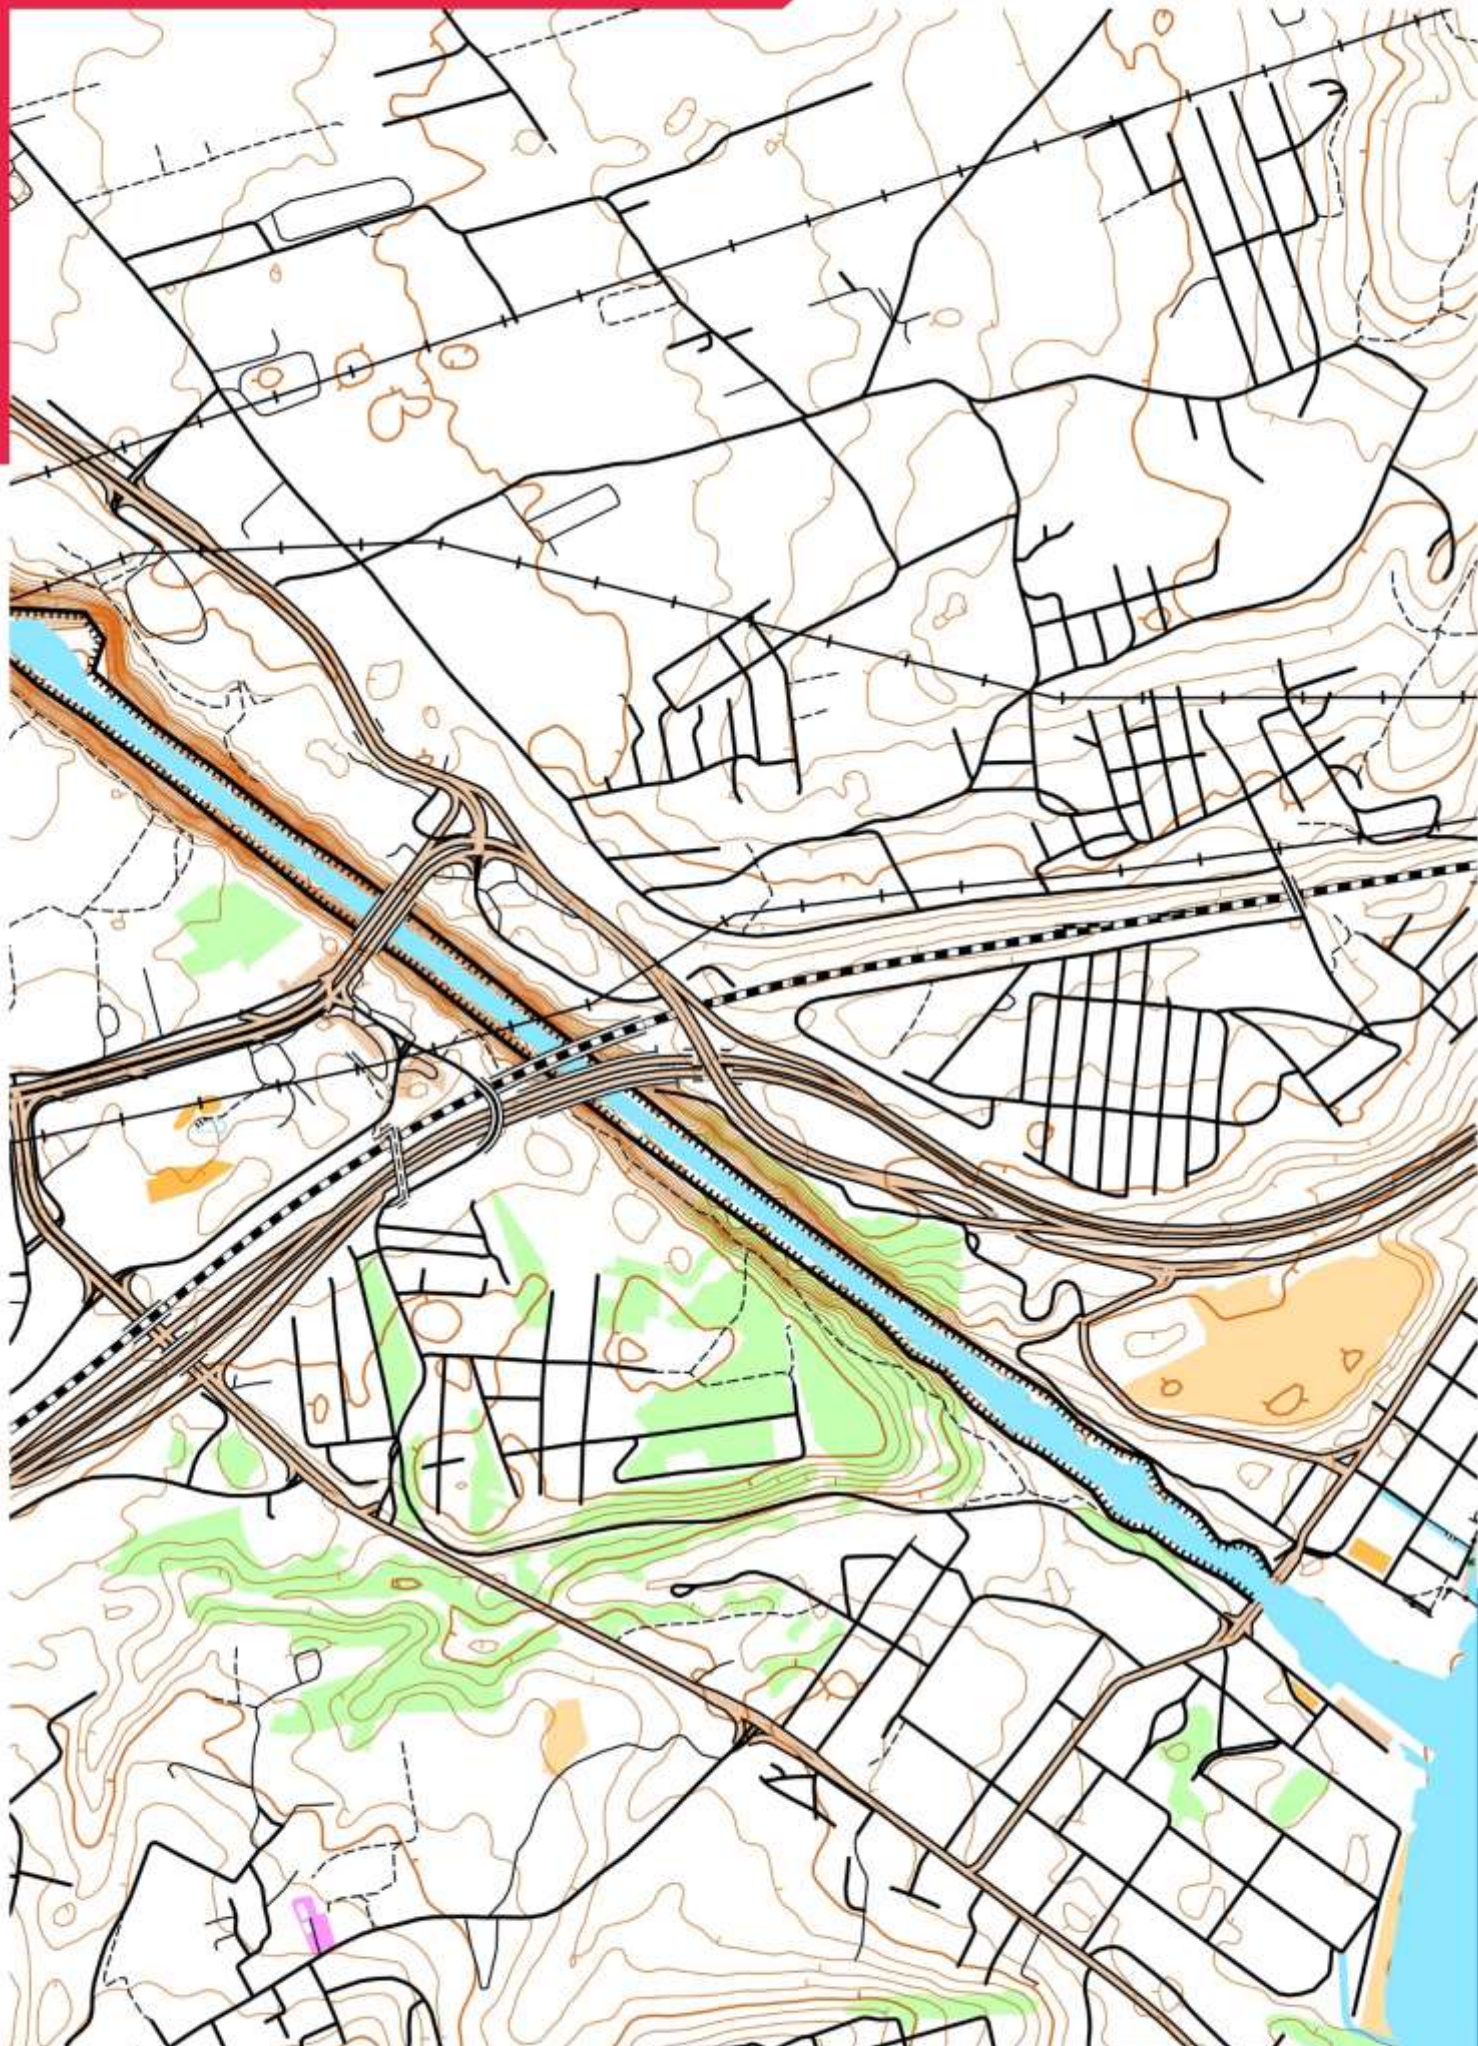

Map	Location	Map	Location
